

# Peer Review for Group Project

## Instructions for Peer Review:

Please fill out the peer review table below for each of your groupmates. In your review:

- **Contribution to the Project** (1-5): Rate how active your groupmate was in contributing to the project. Consider how involved they were in the tasks, research, and preparation, and whether they met deadlines.
- **Quality of Work** (1-5): Rate the quality of your groupmate's work. Was their contribution thorough, accurate, and aligned with the expected standards of the project?
- **Collaboration and Communication** (1-5): Rate how well your groupmate collaborated with others. Did they effectively communicate their ideas and work? Were they open to feedback and willing to help others in the group?
- **Comments/Suggestions:** Provide constructive feedback. Highlight what your groupmate did well, and suggest areas for improvement if necessary.
